COMPANY DESCRIPTION

Charles Rose Architects is an award-winning national practice known for its creative and holistic approach to architecture and landscape. Founded in 1990 the mid-sized studio maintains a diverse group of exceptionally talented designers. Our portfolio of work is broad, varying in type, scope, location and complexity. We are known for creating environments that are beautiful, functional, sustainable, and net-zero.

SENIOR PROJECT ARCHITECTS (6-10 years of experience)

Charles Rose Architects has immediate openings for seasoned architects with exceptional design and project management skills. Successful candidates will demonstrate initiative, design quality and strong analytical and technical skills, and will be responsible for managing a range of projects of varying scope and complexity. Experience with higher education, schools, cultural and civic projects is desirable. A willingness to contribute to the growth and culture of the firm is essential. 3D experience is required including work experience with Revit. Strong interpersonal skills and ability to work efficiently and independently required. Great opportunity to work in a fast-paced studio environment on high-caliber projects. Great benefits and leadership opportunities.
